

**BEI Invitational US-Japan Workshop on
Structural and Infrastructure Engineering
January 4 to 6, 2026
Honolulu, Hawaii, USA
www.beibridge.org**

Welcome

BEI Invitational US-Japan Workshop on Structural and Infrastructure Engineering is an affiliated event of the Bridge Engineering Institute (BEI). The workshop aims to disseminate cutting-edge knowledge in structural engineering and promote collaboration between the two countries. Distinguished speakers present recent research findings and explore strategic solutions to address technical challenges facing modern society.

Workshop Schedule

January 4: Welcome Reception

January 5: Presentations, Discussions, and Professional Activities

January 6: Technical Visits

Venue

Hemenway Hall, University of Hawaii, 2445 Campus Road, Honolulu, HI 96822, USA
